My name is Sonu Mondal, and I am a pre-final year student pursuing B.Tech in Computer Science and Engineering from Narula Institute of Technology. My technical expertise lies in the MERN stack, and I thoroughly enjoy creating websites.

EDUCATION

Narula Institute of Technology B.tech	(August 2021 - June 2025)
Computer Science and Business System	CGPA : 7.8
Alipore Takshal Vidyapith 10+2	(July 2019 - June 2021)
Science	Percentage : 73

ACADEMIC PROJECTS

Zomato Clone	(2023)
I have developed a web app using React.js where users can filter restaurants based on price, distance, and rating. The bookmark feature allows users to bookmark their favorite restaurants, and they can also search for restaurants by name.

React.js

Facebook Clone	(2024)
I have developed this web app using the MERN stack, enabling users to log in and log out, similar to how one would use Facebook
